

WALK!  
BIKE!  
FUN!

# DRIVE YOUR BIKE

## FOLLOW THE LAW

Bicycles are vehicles — like cars.  
Obey stop signs and traffic signals.

## BE PREDICTABLE

Ride on the right and in a straight line.  
Signal your turns — point your arm  
in the direction you are going.

## BE AWARE

Watch for cars in front, behind  
and beside you. Watch for  
pedestrians and road hazards.

## BE VISIBLE

Wear bright clothing and use  
lights and reflectors.  
Ride where drivers can see you.

## SAVE YOUR BRAIN

Wear your helmet.
